

# Animation Lab

December 22, 2008

To Whom It May Concern:

I have had the pleasure of working with Talia Tsur on THE WILD BUNCH, an animated feature I've been directing for Animation Lab in Israel since October of 2007.

I can say without reservation that Talia is one of the most talented animators I've known. She endows her characters with finely observed detail and brings them to life with the skill usually attributed to much more experienced animators. Her initial animation tests for the lead character in THE WILD BUNCH were of such high quality they could practically be employed in the actual movie.

In addition, Talia takes direction well, is a team player, and a disciplined artist, always striving to improve her work. Her modesty and inspired creative choices have clearly earned her the utmost respect from her colleagues.

I look forward to the opportunity of working with Talia again, but in the meantime can highly recommend her for any position for which she is being considered. Please feel free to contact me if you'd like additional information.

Sincerely Yours,

Douglas Wood
