To Whom It May Concern:

This is a letter of recommendation for Talia Shapir. I have known Talia since May 2006, when I joined the company as Head of Production.

Talia immediately impressed me with her combination of creativity, articulate style of communicating and organized approach towards projects.

As a Lead Animator, Talia quickly gains the trust of her clients, crew and supervisors with her great integrity. Talia is a dedicated team player, inspiring all to bring their best to every project.

Talia's infuses her charming sense of rhythm, timing and humour in every character she creates. She creates mirthful, entertaining situations filled to the brim with her wit and sharp sense of human nature.

I highly recommend Talia to anyone who is intelligent enough to involve Talia in their venture.

Please feel free to contact me if you have any further questions regarding Talia Shapir.
